THE HOME, ITS 'PROBLEMS AND INTERESTS

OBSERVATIONS OF PEGGY D.

like what we used to have years ago, before rain became such a frequent visitant hereabouts. The cars were late, crowds of people impatiently stamped their fact, nobody was properly gowned.

We were all so anxious to hear what the gown of the experiments and so out of place my dear;" in fact, nobody was properly gowned. "cussing." 'Twas ever thus!

The poor weather man has a hard job. surely. When snow comes not, we hear a great deal of talk about the "good old hard winters," and when it I dare say some women are so afraid does come, complaint is rife on the they would pass as nobodies they take nuisance of it all.

her, waiting for the end.

She was born in 1820, and was the daughter of Jerome Bonaparte, King of Westphalia (brother of Napoleon the of the King of Wurtemburg.

This was the Jerome Bonaparte who previously married Miss Patterson, of Baltimore, whose American marriage was annulled by Napoleon I.

If one can believe the numerous cable-grams, the young Crown Prince of Germany is no exception to the generality of royal youths as regards fickleness. His taste seems to run to American

Baltimore, whose
was annulled by Napoleon I.
The Princess Mathilde was one of the old school; a beauty in her day, and always maintaining a salon, where the great characters of the day were congregated. She hated the English (naterial Section 1988) and the second of these stories must make, who every her is! About as good a one, I should say, as the famous Roman storytollar, who every week or so cabled the everything modern. Her proudest boast was the fact that the great Napoleon was her uncle. With her passing Paris has lost a picturesque figure, which linked it with the days that are no more.

news of the death for some ten years or more previous to his demise.

But this young crown prince before he is many years older (according to the cables) will have lost his heart as many times as George IV of England, whose

In a car a few days ago was a pas-senger of my own sex, who was evi-dently very displeased and disgusted with a cartalian with a certain party and dance given in one of our suburbs last week. This woman discussed the gowns worn by all her friends, with her companion, for the benefit of the car, and if one were not sorre at her had taste one would have to fear. The woman who proposes and run over and the outside of the lamp

Well, we have had a real snowstorm | wearing for some five years, our in at last! A good one, too-something formant said; Miss Blank had on "that

their feet in order to keep warm, and the gown of the evening was like-for did the usual amount of sotto voce it, but she failed to enlighten us on this point.

Speaking for the benefit of the public in a conveyance is becoming a popular this means of enlightening the itiated as to their importance. Yet how Princess Mathilde Bonaparte died in they fall and come short of their point Paris on Saturday evening. She had for gallery play is always vulgar and been ill for some little time, and most of her relations were gathered around of her relations were gathered around her, waiting for the end.

Vorably, it is bothersome, too, to ple may desire to think of other things, but the high-pitched voice forces itself. persistently on one's ear and commands

tphalia (brother of Napoleon the and Princess Sophia, daughter To see oursel's as others see us." If one can believe the numerous cable-grams, the young Crown Prince of Ger-

urally) and, indeed, discountenanced everything modern. Her proudest boast was the fact that the great Navalean

blood, to be sure, runs in his veins. .

This is the eleventh day of the leap sorry at her bad taste, one would have been highly amused.

So-and-so wore a blue silk trimmed with duchesse lace—"simply impossible, you know"—the same that she had been sorry at her bad taste, one would have been highly amused.

So-and-so wore a blue silk trimmed with duchesse lace—"simply impossible, neither case is the unwilling prey worth the effort.

PEGGY QUINCY.

The male contingent need have anything result that, if this is done, the on will be oily. Wicks should be turned and left below the top of the socket in which they run when the lamp is not in use.
